The Groups and Course Programs

Group 1: Die Marienkäfer und Schmetterlinge 1 (2 – 5/6 year olds)

The children in this group will explore the topics set out below in a playful mode and atmosphere. The teaching will employ a variety of visual and listening aids to illustrate new vocabulary and concepts and focus on improving both the listening and speaking skills. Singing, moving to music and words, listening to stories, playing board games are all used among other methods to enhance the understanding and elementary use of German. This applies to the older children in this group, too.

Group 2: Die Schmetterlinge 2 (4 – 5 year olds)

The children in this group should have a rudimentary command of German i.e. listening and speaking skills and be able to use a pencil and scissors fairly confidently. The course will focus on broadening vocabulary and develop listening and speaking skills by using traditional and modern stories, games, songs, dance and art and exploring and celebrating typical festivals.

The Marienkäfer and Schmetterlinge will cover the following topics this term:

Winter 1

Winter 2

Zahlen

Fasching 1 (preparation)

Fasching (Party for all groups)

Early Spring

Birds 1

Birds 2 Songs and games

Late Spring

Easter

Group 3: Eulen 1.1 and 1.2 (5 – 7 year olds)

This course introduces the written word in reading and writing. The children in this group learn the letters of the German alphabet, start reading and writing words and short sentences. At the same time they improve and enlarge their vocabulary, learn phrases applicable in a multitude of situation and do listening exercises. This group, too, enjoys singing, stories, games and traditional festivals.

Group 4: Eulen 2 (6 - 9 year olds)

The children in this group should be fairly confident in asking and answering questions and using simple sentences. They should have started reading in German and have some command of writing in German. This course will focus on all the four skills: listening, speaking, reading and writing. Stories, games, songs and typical festivals will be part of this course, too.

Group 5: Eulen 3 (7 – 10 year olds)

The children in this group will have covered the Lehrbuch “ Der Grüne Max Neu 1. This group is introduced to further reading, more advanced vocabulary (telling the time, seasons, likes and dislikes ...) and grammar (conjugation of verbs, word order, subordinate clauses, ...). Songs and typical festivals will be part of this course, too.

Optional Test: Fit in Deutsch 1

Group 6: Eulen 4 (9– 14 year olds)

This group will be working with “ Der Gruene Max 3” which will lead up to Level A2 of the Common European Framework of Reference for Languages (see Google).

Optional Test: Fit in Deutsch 2

Group 7: Deutsch als Erstsprache

Dieser Unterricht ist für Kinder ab 5 Jahren. Er wendet sich an Kinder, die eine englische Schule besuchen und die hauptsächlich ihre schriftlichen Deutschkenntnisse verbessern möchten. Der Kurs beinhaltet das Schreiben von Diktaten und Aufsätzen und damit verbunden eine Erweiterung des Vokabulars und des Ausdrucks. Ungenauigkeiten in der Grammatik werden ebenfalls angesprochen. Lehrwerke des Deutschunterrichts an deutschen Schulen liegen dem Unterricht zugrunde.

Der Unterricht findet bei Bedarf während der Woche statt.
